TO WHOM IT MAY CONCERN

Mr. Graham Millar is a member of a well-known and respected family of Beckenham, Kent.

He is a graduate of Sandhurst Military College and was commissioned in the British Army and saw active service in Aden and later served as a contract soldier with the Sultan of Muscat.

Since his arrival in Australia some three weeks ago he has resided with me and I have been able to form a satisfactory opinion of him.

He has a pleasing personality and he has a very gentlemanly bearing. I can recommend him to any employer particularly one seeking a future executive in his business.
